

# Achieve Perfect Balance

## Vario® XtraSafe is the most advanced airtightness and moisture management system on the market.

It helps to enhance the thermal performance of the building by removing unwanted drafts whilst protecting the building structure from damage caused by moisture. The “Smart Vapour Control Layer” provides a complete building moisture management solution adapting to relative humidity to help protect the structure allowing you to achieve the perfect balance everytime.

**One man installation**

**Prevents unintended air exchanges**

**Easy to adjust when fitting** - simply remove and refit with no wastage, damage or hassle.

**Protect the building structure from moisture accumulation** and allow it to dry out.

**Go “above and beyond” current regulations** for both Airtightness and Moisture Control.

# Give Isover a shout!
